CABLING123®
A WAVE2WAVE COMPANY

Power Cord

Overview

The Cabling123® can offer optional lengths and various colors power cords. Power Cord is an ideal solution for connecting any server or networking device. IEC 60320 C15 to US15(5-15P) power cord is designed for connecting network switch, UPS, PDU.

Features & Benefits

- IEC 60320 C15 to US15(5-15P) power cord commonly used for network switch, UPS, PDU.
- Fully molded ergonomic design with 100% hipot testing on all cords.
- Meet to RoHS and REACH compliance.

Applications

- Connect network switch, UPS, PDU.
- Extend an existing power connection.

Specification

Connecter 1	IEC 60320 C15	
Connecter 2	US15(5-15P)	
Cable gauge	18AWG	14AWG
Cable outside diameter	Φ7.8±0.2mm	Φ9.3±0.2mm
Cable jacket	SJT	
Jacket material	PVC	
Max amperage and voltage	10A-250V	15A-250V

Standards Compliance

- IEC 60320.
- RoHS.

RoHS

Product Selection

Part Number: 79C15US15-AB-CDEF

A	B	CD	EF
Cable jacket	Cable guage		Cable length(FT/Meter)
J(SJT)	4(14AWG)	BK(Black)	6(6 FT)
	8(18AWG)	RD(Red)	8(8 FT)
			10(10 FT)
			1.5M(1.5 Meter)
